

For over 80 years, Gaston Electrical has provided expert contracting services to the commercial, institutional, life-sciences, hospitality, and retail markets in New England. We collaborate with our clients and partners to deliver innovative solutions for both electrical and low voltage projects. Our company leadership and skilled electricians build trust through best-in-class services, quality workmanship, safety practices, and reliability.

LEADERSHIP

As a third-generation, family-owned company, Gaston Electrical is committed to a culture of professionalism and reliability at every step. Our combined depth of experience ensures knowledgeable planning, management, and execution on all projects.
