

FIRE ALARM DIVISION

The Gaston Electrical Fire Alarm Division is committed to providing professional design and installation, critical testing and inspection, and responsive on-call services across Greater Boston - ensuring the safety of our customers' facilities, clients, tenants, residents, and other end users.

Our knowledgeable project managers, electricians, and technicians efficiently complete projects and stand ready to mitigate any emergency situation 24 hours per day.

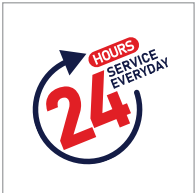

FIRE ALARM SYSTEMS / DESIGN AND INSTALLATION

Services include the full design, installation, upgrade, and retrofit of fire alarm systems in accordance with all local and national regulations - utilizing the most modern and technologically advanced manufacturers and components.

FIRE DETECTION SYSTEMS / TESTING AND MAINTENANCE

Services include the comprehensive testing and reporting of critical fire alarm systems along with vital maintenance to ensure constant and proper functionality.

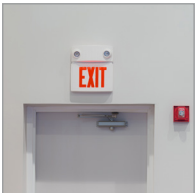

24-HOUR SERVICE / ALWAYS ON CALL

Emergencies don't work on a schedule, and we understand that downtime for fire alarm systems isn't an option. Gaston stands ready to provide responsive and knowledgeable service where and when you need it.

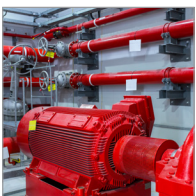

FIRE EXTINGUISHERS / TESTING AND MAINTENANCE

Regular testing and maintenance of fire extinguishers, by a certified professional, is critical for the reduction of fire hazards and to ensure life safety.

EMERGENCY EGRESS SIGNAGE AND LIGHTING / TESTING AND MAINTENANCE

Regular testing and maintenance of emergency signage and pathway lighting in accordance with local and national fire code standards - ensuring safe operation and duration during a potential emergency situation.

FIRE PROTECTION SYSTEMS / TESTING AND INSPECTION + SERVICE AND MAINTENANCE

Complete Services including Quarterly T/I, Annual T/I, Annual Fire Pump Test, Standpipe Testing, PRV Testing, Dry Valve Testing, FDC Hydrostatic Test, NFPA 3 Year/5 Year Testing, and Hydrant Flow Testing - along with Full Service Maintenance capabilities to execute repairs in a time/cost efficient manner.

COMPANY OVERVIEW

Since 1934, Gaston Electrical has provided expert electrical contracting, low voltage, and fire alarm services to the commercial, institutional, life-sciences, hospitality, healthcare and retail markets in New England. We collaborate with our clients and partners to deliver innovative solutions for complex projects. Our company leadership and skilled technicians build trust through best-in-class services, quality workmanship, safety practices and reliability.

Gaston Electrical is committed to a culture of professionalism and reliability at every step. Our combined depth of experience ensures knowledgeable planning, management, and execution on all projects.
